

# THE HEATHER SOCIETY

acting as

INTERNATIONAL CULTIVAR REGISTRATION AUTHORITY

certifies that

*Calluna vulgaris* ‘Judy Wiksten’

has been registered by

**BRITA JOHANSSON**  
Musselvägen 3, 46834 Vargön, Sweden.

REGISTRAR

DATE **26 October 2015**  
on behalf of The Heather Society

Its characteristics at the time of registration were

Flowers heliotrope (H12), single, September–October.  
Foliage bright yellow in summer, with bright yellow young growth.  
Habit upright, bushy; after 4 years to 30cm tall, and 30cm across.

Selected clone from mixed seedlings, raised from open-pollinated plants.  
“No other *Calluna* cultivar as this combination of  
heliotrope flowers and soft yellow foliage.”

In commemoration of Judy Wiksten (died November 2011):  
“Judy loved heather and she loved Sweden.  
She deserves to be commemorated by a beautiful Swedish plant.”

**Cultivar registration number: C.2015:08**
