

THE HEATHER SOCIETY

acting as

INTERNATIONAL CULTIVAR REGISTRATION AUTHORITY

certifies that

***Calluna vulgaris* ‘Lukas’**

— named by Henk J. Kuipers after his son, Lukas Kuipers —

has been registered by

H. J. KUIPERS

Nijensleek, The Netherlands.

REGISTRAR _____ DATE _____
on behalf of The Heather Society

Its characteristics at the time of registration were

Flowers: white, bud-flowerer; September–October

Foliage: “geel” (yellow-green)

Habit: “krachtig opgaand”

Origins: a sport on ‘David Hagenaars’; found by H. J. Kuipers in his nursery 1998.

“heeft dezelfde eigenschappen als *Calluna vulgaris* ‘Long White’

(gezond, krachtige opgaande groeier) met helder geel”.

Cultivar registration number: C02-2004.
