

THE HEATHER SOCIETY

acting as

INTERNATIONAL CULTIVAR REGISTRATION AUTHORITY

certifies that

***Calluna vulgaris* ‘Galaxy’**

has been registered by

DAVID WILSON
Chilliwack, British Columbia, Canada.

REGISTRAR _____ DATE _____
on behalf of The Heather Society

Its characteristics at the time of registration were

Flowers: white, bud-flowering, August–November.

Foliage: yellow-gold.

Habit: upright, compact; a more upright, tidy habit than other
gold-foliage, white, bud-flowering cultivars.

Origins: selected from trials at Wilson's Nursery, British Columbia, Canada,
in October 2004 by David Wilson.

Cultivar registration number: C05:2004
