

# THE HEATHER SOCIETY

acting as

INTERNATIONAL CULTIVAR REGISTRATION AUTHORITY

certifies that

*Calluna vulgaris* 'Little Skookum'

— named after the Little Skookum River —

has been registered by

**KARLA LORTZ**  
Shelton, USA.

REGISTRAR \_\_\_\_\_ DATE \_\_\_\_\_  
on behalf of The Heather Society

Its characteristics at the time of registration were

Flowers: single, mauve, August–September.

Foliage: gray-green.

Habit: low, creeping with swirling branches; after 7 years, 6–8ins tall, 20ins across.

Origins: chance seedling in nursery.

“One of the lowest silvers. Both ‘Grey Carpet’ and ‘Silver Cloud’ are much taller, while ‘Little Skookum’ has a more swirling branching pattern than those two.”

Named by Karla Lortz; alluding to the habit and locality.

**Cultivar registration number: C.2008:10**
