

# THE HEATHER SOCIETY

acting as

INTERNATIONAL CULTIVAR REGISTRATION AUTHORITY

certifies that

*Calluna vulgaris* 'Ruby Sprinkles'

has been registered by

**DAVID WILSON**  
Chilliwack, British Columbia, Canada.

REGISTRAR \_\_\_\_\_ DATE \_\_\_\_\_  
on behalf of The Heather Society

Its characteristics at the time of registration were

Bud-flowering, mauve (H2), September–December.

Foliage: summer foliage green; new growth orange-red.

Habit: upright, moderately vigorous.

Origins: deliberately raised seedling from unnamed bud-flowering seedling pollinated by 'Spring Torch', by David Wilson in 2005, selected in 2007.

**Cultivar registration number: C.2010:05**
