

# THE HEATHER SOCIETY

acting as

INTERNATIONAL CULTIVAR REGISTRATION AUTHORITY

certifies that

*Calluna vulgaris* 'Elisa'

has been registered by

**KURT KRAMER**  
Edeweicht, Germany.

REGISTRAR \_\_\_\_\_ DATE \_\_\_\_\_  
on behalf of The Heather Society

Its characteristics at the time of registration were

White, bud-flowering (Knospenblüher); buds 5mm long;  
September–December.  
Foliage: light green.

Habit: bushy, broad, after 3 years to 30cm tall × 35cm across (pruned).

Origins: deliberately raised cross by Kurt Kramer,  
made in 2008 between unnamed seedlings (pollen parent 07-96-2; seed parent 07-96-1),  
selected for naming in 2009.

**Cultivar registration number: C.2013:07**
