

THE HEATHER SOCIETY

acting as

INTERNATIONAL CULTIVAR REGISTRATION AUTHORITY

certifies that

***Erica × arendsiana* ‘Ronsdorf’**

[*Erica cinerea* × *terminalis*]

has been registered by

KURT KRAMER

Edeweicht–Süddorf, Germany.

REGISTRAR _____ DATE _____
on behalf of The Heather Society

Its characteristics at the time of registration were

Flowers: single, lavender (RHS75A); darker than ‘Charnwood Pink’.

Foliage: mature foliage green, in whorls of 4.

Habit: more compact than ‘Charnwood Pink’

Origins: clone no. 1 of hybrid, *Erica cinerea* × *terminalis*, created in 2000 by Kurt Kramer, repeating the cross originally stated to have been produced by Georg Arends, of Wuppertal Ronsdorf, the renowned German plant breeder and nurseryman.

Cultivar registration number: E.2007:04
