

THE HEATHER SOCIETY

acting as

INTERNATIONAL CULTIVAR REGISTRATION AUTHORITY

certifies that

***Erica cinerea* ‘Ted Oliver’**

has been registered by

SUSIE KAY

Lettergesh, County Galway, Ireland.

REGISTRAR _____ DATE _____
on behalf of The Heather Society

Its characteristics at the time of registration were

Flowers: single, corolla with purple base fading to white at tip; June–August.

Foliage: deep green.

Habit: semi-erect, parent plant 40cm tall in 2008.

The distinctive bicoloured flowers are the reverse of other bicoloured *E. cinerea* which have white bases to the corollas.

Origins: wild: found at Glassillaun, Connemara, County Galway, Ireland, first seen in June 2007 by Dr Oliver and Mrs Kay.

Named after Dr E. G. H. [“Ted”] Oliver,

Cultivar registration number: E.2008:08
