certifies that

Erica arborea 'Golden Joy'

— named after Chrystal Joy Gillingham —

has been registered by

WILSON'S NURSERY LTD
Chilliwack, Canada.

REGISTRAR _____ DATE _____
on behalf of The Heather Society

Its characteristics at the time of registration were

Flowers: white; March–May.

Foliage: yellow-gold.

Habit: upright.

Origins: sport on *Erica arborea* 'Alpina', found by Chrystal Joy Gillingham in 2004
at Wilson's Nursery Ltd, Chilliwack.

"Nice bright yellow, and tightly upright; distinct from 'Estrella Gold';
more floriferous than 'Albert's Gold' and easier to propagate."
